

TISD Swimming

On Deck Club

The On Deck Club promotes the growth of competitive swimming throughout the Tyler Independent School District.

Funds are raised through membership drives and fundraisers. These monies help offset the costs incurred by the swim teams at Lee, Hubbard, and Moore as they compete at District, Regional and State meets, and help purchase training equipment throughout the year.

During the 2009-2010 school year the booster club's goals are to continue its support of TISD swimmers and to improve the training conditions at the TISD Aquatic Center to ensure the continued success of competitive swimming in Tyler.
